CLUB RACER

ADVANCED

The ARGO is our most popular sailboat. If you are looking for the perfect combination of a two person club racer and a manageable family dinghy then look no further. The Argo delivers everything you could ever want from a sailboat of this size.

The Argo can be sailed singlehanded, raced by two and also has comfortable capacity for up to four adult crew. The performance, power and responsive handling will impress experienced sailors; the stability and forgiveness will grow the confidence of less experienced sailors; while the load capacity and versatility will attract sailing schools and families.

As soon as you step aboard you will notice how stable the ARGO is. The ARGO has a dynamic, yet forgiving ultra-stable hull shape and an easily controllable rig that is ideal for a wide range of sailing skills. All-in-all the ARGO is fast and exciting but also easily controllable and well mannered.

The ARGO has a contoured side deck to provide a really comfortable sit-in feel. A high freeboard, deep spacious cockpit and high boom, plus unrivalled stability and a smooth ride mean that the ARGO has a wonderfully reassuring, safe and secure feel. There is comfortable capacity for up to four adult crew, either for instruction or to load up with friends and equipment for a group day out.

The single line mainsail reefing system and furling jib mean that the ARGO can easily be depowered on the water dependent on crew and conditions.

Topper's unrivalled TRILAM construction means the boat will stand up to all the stresses of family use, training and racing and is virtually maintenance free.

The ARGO has safety features such as a mast head float righting lines and grab-rails all fitted as standard. An epoxy centreboard and rudder and the highest specification equipment also all come as standard.
