CLUB RACER

The TOPAZ Maverick can be sailed by two people and can also be sailed singlehanded. On one hand, a child as light as 35kg can handle a TOPAZ Maverick, and on the other the TOPAZ Maverick has capacity to carry 145kg, meaning that two children or an adult and child can sail together.

The hull is deceptively spacious and has the same cockpit capacity as some more expensive rivals. The unrivalled Topaz TRILAM construction produces a supremely durable hull with high levels of buoyancy. At just 43kg, the hull is also impressively lightweight making the boat manageable afloat and ashore even for young children.

The TOPAZ Maverick dinghy comes with 5.00m mainsail for juniors with no battens so it can be reefed or a 6.25m battened sail for adults. The hard wearing 5.00m Dacron mainsail is favoured by first-time sailors and holiday companies. The TOPAZ Maverick is simple and lightweight enough to be operated by a child single-handedly, although the TOPAZ Maverick is often used as a two person Dinghy. There is ALSO the unique option to change the rig to a windsurfer for those windy days or a stand up paddleboard when there is no wind.

The TOPAZ Maverick is capable of dealing with all the knocks and bumps of beginner sailing. The self-draining cockpit and buoyancy tubes (when in Dinghy mode) ensures that the TOPAZ Maverick is extremely safe to sail.

The TOPAZ Maverick comes with the highest specification equipment fitted as standard making the TOPAZ Maverick a pleasure to sail in either mode, as a dinghy or windsurfer keeping gear failure to an absolute minimum. The TOPAZ Maverick also comes with a 3-year hull warranty.

The family can be confident that any member can use the TOPAZ Maverick in any of the three configurations and feel safe, comfortable and confident. TOPAZ Maverick's ultra-modern good looks will instantly ignite interest. Once on the water, the superbly responsive TOPAZ Maverick comes into her own to win over all the family into becoming new converts to enjoying fun and sport on the water.
