

# Re-Activate Your Toppers

UK SAILING CLUBS & SCHOOLS ONLY

Do you have unused old Topper hulls at your Club? With a little bit of know-how and TLC, these boats can easily be restored and re-activated.

The 'Re-Activate your Toppers' initiative aims to get these dinghies back on the water. It is a really smart and inexpensive way of increasing junior and youth fleets at your club.

Restoring an old Topper is definitely a job that you can do yourself. It is amazing just how dramatic a transformation can be achieved with just a little bit of time and effort. We can show you how a disused, and forgotten Topper can be brought back to life and got back out on the water sailing again.

Any replacement parts such as toe straps, mastgate, self bailer, ropes, blocks, sails, etc are available to buy from Topper. Topper is offering highly subsidised re-activation packages to all UK Sailing Clubs and Schools wanting to re-fit, re-activated Toppers.

If you feel you aren't confident to re-activate on your own fleet, the team at Topper are happy to visit your club (6 boats minimum). Please contact Russ Dent on 07775923655 for more information.
