

Re-Activate Your Topaz's

UK SAILING CLUBS & SCHOOLS ONLY

Are you part of a sailing club where Topaz boats are lying without the wind in their sails? Why not re-activate these boats and make them worthy again.

At Topper, we understand the importance of your Topaz boats. These boats can be easily rejuvenated and made seaworthy once more.

We are offering an end-of-season package for significant savings on replacement parts, throughout the season. We also have a complete upgrade package including a main sail, mast set, rope and block set, complete rudder and daggerboard.

Should you find it challenging to re-activate your own fleet, our team at Topper are enthusiastic about visiting your club. If you have 6 or more Topaz's, give us a call, and we will provide a free fitting service!

This is a limited time offer exclusively available to UK CLUBS and SCHOOLS. Should you be interested in re-activating Topaz boats at your club, please reach out to Topper.

Please contact us if you require any parts not included in this list; Pricing will be provided on request.

All prices listed are inc VAT.

Limited Offer - UK Clubs and Schools only.

Please contact Topper if you are interested in re-activating Topaz's at your club.
