

# FUSION

## Fun, Accessible and User Friendly

The Topaz Fusion comes with a choice of rig options, so the boat can be set up to suit you. The hull comfortably holds two adults of any size, so can be sailed singlehanded or as a two person dinghy. This dinghy can even be rowed when there is no wind!

The Topaz Fusion Plus is one of the most popular rig options and **one of our best sellers**. The Fusion Plus offers great value as a simple one or two-person boat. It is easy to handle with a 5.25m<sup>2</sup> unbattened Dacron main sail and a 1.75m Dacron jib. This rig option provides a great introduction to sailing as well as being an **ideal multi-purpose family dinghy**.

The Topaz Fusion Pro rig offers extra performance with the use of a more powerful 6.45m<sup>2</sup> battened Dacron mainsail. The Topaz Fusion Pro Gen rig is for more experienced sailors featuring the addition of a 7.0m<sup>2</sup> asymmetric Gennaker. The asymmetric system is simple, easy to use, easy to rig and takes the boat to yet another level.

**“ The Topaz Fusion has many features that make her exciting, fun, accessible, user friendly, safe, simple, versatile and great value for money.”**
